International Consensus Conference On Patient Blood Management

Short Curriculum Vitae (Speaker/panellist/expert Bio)

Name: Andreas Greinacher

Title(s): Prof. Dr. med.

Affiliation: Institut für Immunologie und Transfusionsmedizin, Universitätsmedizin Greifswald, Germany

Andreas Greinacher received his M.D. from the Universities of Aachen and Würzburg, Germany. He specialized in transfusion medicine, immunoematology and clinical immunology at the University Giessen, Germany. Since 1994 he is head of the department of transfusion medicine at the Universitätsmedizin Greifswald where he holds a full professorship in transfusion medicine. His major areas of research interest are at the interface between transfusion medicine, hemostasis and clinical immunology. He has published more than 400 papers on these topics, especially on hereditary and immune mediated thrombocytopenias, heparin-induced thrombocytopenia and the application of nanotechnologies and biophysical methods to understand the molecular mechanisms of antigenicity of endogenous proteins, and contributed to many textbooks in transfusion medicine and thrombosis and hemostasis.
